

9 17, 2015 NCBC newsletter

Greetings Beekeepers; This will be a very short newsletter. I am and have been very busy, as have the people I deal with to get this letter out to you. \$10.00 dues are due before January meeting.

Serving committee;

Don Fiedler and Gilbert Frank

Officers; This is your current list. Please consider serving.

President; Don Jackson

V. President; Aprile Lack

Secretary; Judy Ebinger

Treasurer; Larry Chismar

Board; Phil Hanson-2015, Bill Krieger-2016, Jorgen Eiden-2017

President Jackson has called a board meeting for 6:45 before the meeting on Monday evening September 21, 2015

The election is next month (October).

On September 19th. 1:00 pm. Don Jackson will be removing the last honey from the demonstration hives. Don can use some help and if you have limited experience removing honey this will be a good learning opportunity. Please help if you can.

Opportunity; Myron Lindahl of Hermantown has a insulated building for wintering bees. He must leave for the South on October 1. If you are interested call right away for details 218-340-3759, 218340-1673

Don't know the moisture content of your harvested honey?? Bring a sample to the meeting. Pres. Don will bring the NCBC refractometer so you can check to be sure your honey will keep. Honey must be below 18.5% moisture. It will ferment and spoil.
